

# Microsoft 365 Business Voice - the phone system built for productivity

Microsoft 365 Business Voice is a cloud-based phone system built for productivity. Seamlessly integrated into Office 365, Microsoft 365 Business Voice is an all-in-one communication solution that brings voice calling, meetings, and messaging together in a single application, on any device, with Microsoft Teams.

## KEY FEATURES -----

### **All-in-one communication**

Transform how work gets done by unifying calling, chat, and meetings in Microsoft Teams. Give your users the most productive phone system. Simplify communication with chat, meetings, and calling in a single application, Microsoft Teams. Transform how work gets done by integrating calling and meetings with your email, calendar, and Office applications.

### **Calling from anywhere**

Connect faster and easier wherever work takes you, on any device. Make calls wherever work takes you, on any device.

### **Modern phone system**

Work confidently with a reliable, secure, and intelligent phone system designed for small and medium business. Work confidently with a reliable, powerful, and intelligent phone system delivered from Microsoft's trusted cloud. Enjoy the features you expect from a leading cloud phone provider like advanced call control, intelligent routing, and AI-powered voicemail transcription.

**KEY BENEFITS****Save time and money**

Reduce complexity, training, and remember multiple logins by consolidating your apps with a single provider for all your communications.

**Connect faster and easier**

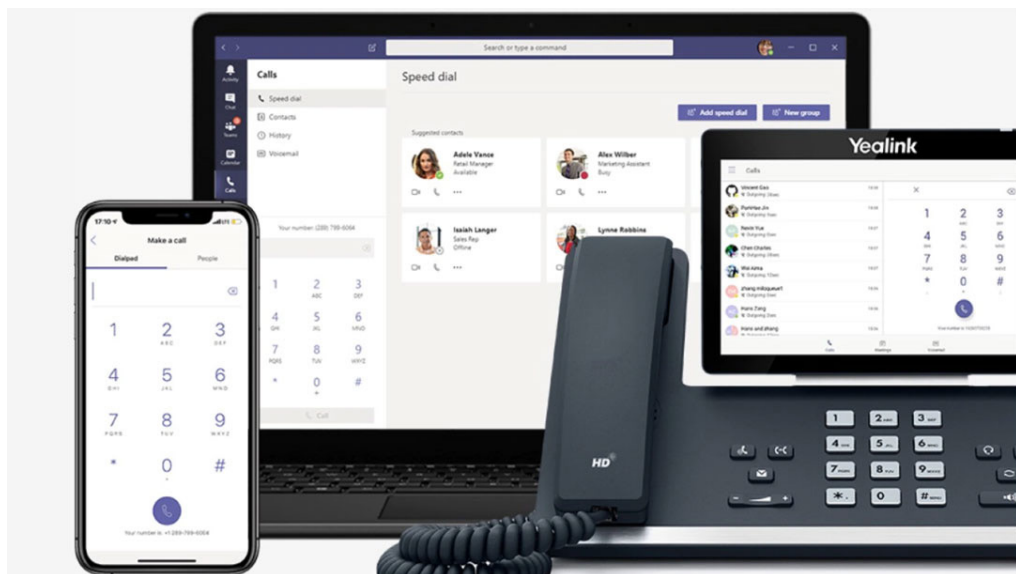

Start a call, and schedule and join meetings more easily, right from Outlook. Your attendees can join just as fast right from Outlook or any web browser without application downloads or sign-in required

**Simplify IT**

Manage from the same admin console as the rest of your Office 365 services.

**Easy setup**

Get started in minutes without any hardware to install or manage.
